

Equine Nutrition

Expanding our Equine Knowledge

Ebony Cox Equine Services (ECES) was founded to assist, develop knowledge and Support others. ECES focuses on horse-human interactions, the benefits that they have on each other, horse health and nutrition, management, and care.

Equine Nutrition +

ECES assists horse owners through the world of Equine Nutrition – guiding the next generation of equine enthusiast developing their knowledge and understanding, how a diet can affect a horse's performance and general health.

Providing individual consultations, seminars, and workshops

ECES Offers:

- ◆ Equine Nutrition Diet Advisory Plan (ENDAP)

Designed for the everyday horse person who wants to take control of their horse's diet. A Diet plan that explains the fundamental basics of horse nutrition without the bias or judgement.

- ◆ Equine Nutrition Seminars & Workshops

Information seminars and interactive collaboratives based on scientific information and knowledge on equine nutrition and management.

**Available to school groups, pony clubs, horse associations,
other organisations, and workshops.**

Servicing Gympie, Wide Bay, Sunshine Coast and Australia
